Rebels Romp Governors 58-49

by Kathy Bragg

The Appomattox Rebels romped the Nelson Governors 58-49. The Rebels were outstanding on their offense as well as their defense. The Rebels did well on getting rebounds off the backboard as they had most of the height under the basket. John Farrar showed his ability by being high scorer with 15 points. Jimmy Torrence, Phillip Locado, and Boopie Whitehead made 14, 13, 12, points respectively. These points showed that a lot of team work is going on.

The score at half time was 26-19 in favor of Appomattox. The Governors tried to make a comeback in the 4th quarter, but a number of personal fouls against them set them behind again.

This will give the Rebels the much needed confidence for their coming games with tough opponents. The Rebels have shown great improvement in the last few games, and we hope they continue to do so in the coming games.

The Appomattox Girls Varsity rolled over the Nelson girls beating them 46-22. Their offense and defense was shining with the offence getting most of their own rebounds. The defense held the Nelson offense down to a minimum of 22 points.

Joyce Tolly sparked the Rebels with 22 points. Carson Crawley followed with 12 points and Mary L. Tolley with 8 points.

The score at halftime for the Rebels was 20-10. The scoring in the quarters was very even which helped to contribute to the winning. It was 10 in the first 10 in the second, and 13 in the third and fourth.

Both teams would like to thank the people who came out to support them for this game. Both teams expect to see everyone out again Friday night to see them play against New London. The game will be played on our home court with the girls' game at 7 and the boys' at 8.

Everyone come out to see your winning teams play tomorrow night!

Potomac Conference Sets Up Disaster Center

A $40,000 emergency disaster relief center is currently being constructed at the Potomac Conference of Seventh- Day Adventist office headquarters in Staunton.

Announcement has been made to the state news service through the department of Public Relations of the Potomac Conference, H. J. Capman, president of the disaster organization that is comprised of the churches in Virginia, the District of Columbia, and a portion of Maryland stated: "For sometime the churches have felt a need of a central emergency disaster center to be established where food, clothing, and first aid supplies could be stock - piled for us throughout the Potomac Conference whenever the need arises.".

The Staunton center would serve all parts of the Conference in the event of emergency disaster such as fire, flood, storm, hurricane, or war.

The building, 50 x 60 feet, will house 2 large vans to be used in transporting supplies to the area of need. Portable storage bins are being constructed to speed up loading and transportation of needed supplies.

Activities of the disaster center would supplement the work of 18 other Adventist centers throughout the state. In establishing this center the conference is interested in cooperating with Civil Defense, first - aid groups and other welfare organizations throughout the Conference territory in supplying help in case of emergency disaster. Upon completion of the center, an appeal will be made throughout Virginia and Washington D.C. for supplies, clothing, and first aid supplies to help stock the large structure. Services from the disaster center are under the direction of R. H. Brodersen Conference Welfare Director, and the disaster team will be available to assist in event of any emergency.

"Tuffy Cat"

"Tuffy cat" is the large grey and white cat seen by thousands of visitors yearly at the nearby Surrender Grounds. His favorite spot to pose for visitors (but not on a winter day!) seems to be the rug of Atty. John Woodson's office next to the historic Plunkett - Meeks Store.

Larger beef supplies this year should provide about one pound more beef per person in 1963 than in 1962, reports the U. S. Department of Agriculture.
